

### Flow Products Introduces Our New Line Card

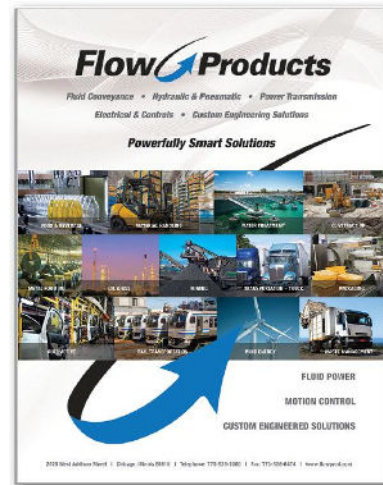

We are pleased to announce our new, re-formatted line card highlighting some of the industries we serve and the range of products and services we provide.

The line card illustrates the complete portfolio of products offered: from custom hoses and tube bends, pumps, gearboxes, integrated hydraulic manifolds, control panels to fully engineered systems. The product categories of **Fluid Conveyance**, **Hydraulics & Pneumatics**, **Power Transmissions**, **Electrical & Controls** and **Custom Engineered Solutions** showcase the depth and breadth of our products. This extensive offering allows for the selection of the right product for your specific applications assuring we provide our valued customers the best quality products at the required performance and at a competitive price.

Our expanded list of services are designed to meet the dynamic needs of our customers by providing fast quote response, an inventory management option and technical support to assure product performance and improved productivity.

This expanded list of products and services coupled with our market leading suppliers makes **Flow Products** the single source for all your hydraulic and pneumatic needs.

**Gil Ramos**  
Marketing Manager
